(b) (5), (b) (6), (b) (7)(C), (b) (7)(E)

CROSS BORDER COORDINATION INITIATIVE (CBCI)

TALKING POINTS:

- Applaud the Mexican Federal Police's (FP) ability to effectively respond to problematic areas such as (b) (7)(E).
- Applaud bi-national (b) (7)(E), reaffirm that these types of innovated and mutually beneficial patrols are key to border security and safety for both countries.
- Urge the Government of Mexico (GOM) to formalize agreements that will allow vital programs to continue and remain consistent with current strategy through changes in administration.
 - Implementation of specialized programs should include a formalized agreement and SOPs, in order to properly protect operators and provide guidance for operating in unpredictable environments.
 - Current MOUs pending:
 - (b) (7)(E), (b) (5)
 - MOU is pending FP response, and needs to be addressed as soon as possible.
 - Current service contract will expire in January 2019.
 - Additional Agreements that CBP anticipates
 - (b) (7)(E), (b) (5)
 -
 - Request GOM to update you on the resources that FP has is scheduled to receive from DoS, (b) (7)(E).
 - (b) (7)(E), (b) (5)
 -
 -

- Obtain GOM's commitment to address the following issues in order for CBCI joint patrols to reach the full desired potential:

- (b) (7)(E), (b) (5)
-
-
-

WATCH OUT FOR/IF ASKED:

- FP may request to do additional bi-national community outreach events.

(b) (7)(E), (b) (5)

- FP has recently requested that CBP establish a (b) (7)(E), (b) (5)

(b) (7)(E), (b) (5)

BACKGROUND:

- The scope of engagement for the CBCI between FP and the CBP is framed by three agreements:
 - Border Violence Prevention Protocols;
 - Memorandum of Cooperation between CBP and FP signed in June 2012; and
 - Declaration of Principles signed in April 2013.
- USBP reported the following totals for coordinated patrols with FP:
 - Fiscal Year (FY) 13 - 67
 - FY 14 – 1,692
 - FY 15 – 1,734
 - FY 16 – 1,584
 - FY 17 – 1,959
 - FY 18 YTD – 1,309

- Since its inception in 2013, the CBCI operations have allowed for an increase in migrant rescues in the (b) (7)(E) area, the recovery of U.S. stolen vehicles, the dismantling of illicit radio towers, increased information exchange, and a dramatic reduction in border related assaults, rock throwing incidents, excavations and use of underground drainage systems by criminal organizations.
- Some key objectives that are still being worked on by the staff level are:
 - Resolve communication challenges
 - Improve reporting
 - Improve cooperation.
- During FY 18, FP and CBP will need to continually address the following steps in order to meet CBCI's full potential:
 - Implementation of a new capacity building plan for the training of Regional FP officers to conduct border missions based on the new IAA.
 - Continue to develop a common strategy for CBCI operations that includes targeting.
 - Increase FP and USBP's ability to collect and exchange relevant and actionable information against Transnational Criminal Organization's operating areas and activates.
 - (b) (5), (b) (7)(E)

Date: Monday August 6, 2018

ENTRY/EXIT AT THE U.S.-MEXICO LAND BORDER

TALKING POINTS:

- (b) (7)(E), (b) (5)
-
-
-
-

WATCH OUT FOR/IF ASKED

- On July 1, 2018, Mexico elected Andrés Manuel López Orbrador of the National Regeneration Movement (MORENA) party as the next president. He will assume office on December 1, 2018. (b) (5)
- By beginning to work towards the (b) (7)(E) now, CBP and INM anticipate that the project's forward momentum will ensure the completion of the project during the administration's transition period.

U.S. – MEXICO BORDER VIOLENCE PREVENTION COUNCIL

August 15, 2018

1:00 PM – 3:00 PM

U.S. Coast Guard Headquarters

Overview:

- You will chair the Border Violence Prevention Council (BVPC), a high-level dialogue between the United States and Mexico that focuses on the topics of use of force and border violence prevention.
- You will lead several discussions during the dialogue that will focus on the following topics: Data and Statistics Sharing and Harmonization and Training/Sharing Best Practices.
- Your goals during the meeting will be to:
 - Reaffirm CBP's commitment to transparency and accountability by continuing to provide the Ministry of Foreign Affairs (SRE) with notification prior to the release of use of force case findings, and continuing to use local communication mechanisms to notify Mexican Consulates when use of force incidents occur;
 - Increase engagement with local border communities through hosting additional joint U.S.-Mexico community outreach events; and
 - Express your support for Mexican Government officials to receive training in support of border violence prevention and encourage visits to local ports/sectors, the U.S. Border Patrol Academy, and the Law Enforcement Safety and Compliance Directorate.
 - Collaborate with the Government of Mexico to build upon and improve the Best Practices Catalog.
- Following the meeting, there will be an agreed upon Summary of Conclusions to confirm the commitments from which CBP and SRE will work.

Discussion Points:

- Reinforce CBP's commitment to transparency and accountability on use of force cases by confirming that CBP will continue to post the results of CBP's review of these cases to the CBP website.
- Underscore that prior to the public release of the case findings, CBP will continue to provide the Government of Mexico with (b) (7)(E). However, to accommodate SRE's request for additional advance notice, CBP is offering to provide case-specific details along with the (b) (7)(E) as an alternative in order to aid SRE in carrying out their own notifications and outreach.
- Highlight that CBP would be pleased to collaborate again with Mexico's Federal Police and SRE to engage citizens on both sides of our shared border, through the "Building Stronger Border Communities" outreach event. Note that we also look forward to adjusting the scope of future outreach events so that more frequent, small-scale events may be held on a running basis.

Background:

- Former CBP Commissioner Kerlikowske, along with then Undersecretary for North America (b) (6), (b) (7)(C) formally established the BVPC during his August 22, 2014 trip to Mexico

City. In January 2017, (b) (6), (b) (7)(C) was named Undersecretary for North America and currently has the responsibility of co-chairing the BVPC.

- (b) (5)
- During the inaugural BVPC, the principals agreed on the creation of a Border Violence Prevention-Technical Working Group (BVP-TWG) to develop a more robust post-incident review process that will provide more clarity and transparency to incidents of border violence, focus bilateral efforts on the prevention of border violence, and report progress to the principals.

- Summary of Conclusions

Staff Responsible for Briefing Memo: (b) (6), (b) (7)(C)

Border Violence Prevention Council
August 15, 2018 | 1:00 p.m. – 3:00 p.m. | USCG HQ

Agenda

1:00 p.m. – 1:10 p.m. Welcome (10 minutes)

Welcome remarks by Ministry of Foreign Affairs

Welcome remarks by U.S. Customs and Border Protection

- *Good morning. I would like to thank the United States Coast Guard for its hospitality hosting today's meeting, which serves as a follow up to the August 2017 discussions at the fifth Border Violence Prevention Council (BVPC) meeting in Mexico City.*
- *I understand that our staffs have been regularly holding the BVPC Technical Working Group, which met recently in both March and late July and has been carrying on a dialogue on the issues we discussed at last year's council meeting. I would like to applaud the efforts of the technical working group and look forward to its continued success.*
- *Today we look forward to discussing how we can strengthen the U.S.-Mexico relationship through improving our communication, increasing engagement with the local communities, and strengthening the connection between our training programs.*

1:10 p.m. – 1:50 p.m. Data and Statistics Sharing and Harmonization (40 minutes)

(b) (7)(E) and information sharing regarding **(b) (7)(E)**

- *As evidenced by our discussions within both this forum and the Repatriation Strategy and Policy Executive Coordination Team, CBP maintains a deep concern for both those in our custody and those whom we repatriate to their home countries.*
- *In recent months, U.S. Border Patrol' (b) (7)(E), (b) (5)*
[REDACTED]
- *(b) (7)(E), (b) (5)*
[REDACTED]
- *(b) (7)(E), (b) (5)*
[REDACTED] *And while it is extremely promising to see our coordination yield such results, more work is necessary. It is critical that we continue working together to effectively address the exploitation of migrants along the U.S.-Mexico border.*
- *U.S. Border Patrol's (b) (7)(E) creates an international multi-agency taskforce with*

all three levels of government in the U.S. and Mexico, and implements standard data collection procedures, priority intelligence requirements, and reporting systems for officer safety, data integrity, and situational awareness of (b) (7)(E).

- *(b) (7)(E)*
- *I understand that following the July meeting of the BVPC Technical Working Group, our CBP Attaché Office in Mexico City has been working to coordinate a briefing on the (b) (7)(E) for our Ministry of Foreign Affairs counterparts in the near future. Through this briefing, we look to provide you with additional detail on the program and further demonstrate its value.*
- *Once this briefing has been provided, I encourage the technical working group to explore the possibility of formalizing this cooperation to address (b) (7)(E) through the drafting and signing of an arrangement. With this framework in place, it is our hope that we will be able to expand the (b) (7)(E) to other critical locations across our shared border.*

Process and path forward for notification of use of force incidents and information sharing with Mexican Consulates and Embassy

- *CBP remains committed to making itself more transparent and accountable to the public and stakeholders that CBP is sworn to serve. Public trust is essential to CBP's ability to succeed in its critical mission of protecting national and economic security. That transparency includes advising Mexican Consulates and the Embassy of Mexico when a use of force incident occurs as well as disclosing how CBP investigates use of force incidents resulting in serious injury or death.*
- *CBP remains committed to publicly releasing information on all use of force cases reviewed by CBP's National Use of Force Review Board once the Board's determinations are approved by the head of the relevant operating component, the Deputy Commissioner and the Commissioner.*
- *As the use of force by CBP officers and agents generates a significant amount of interest from external and internal audiences, CBP acknowledges the immediate and long-term demand for information. Regarding the immediate need, CBP will continue to provide the Mexican Consulates and the Embassy of Mexico with timely notification when a use of force incident occurs through the local mechanisms that have already been established and have proven useful.*
- *I understand from my staff that during the March BVPC Technical Working Group, the Government of Mexico requested that CBP reconsider the request to provide (b) (7)(E) prior to the release of use of force case findings regarding Mexican nationals. It was also requested that along with this notification, CBP provide the names of*

those individuals to aid in carrying out your own notification processes.

- *At this time, CBP is not able to commit to this expanded window. Additionally, due to privacy concerns for all those involved, we cannot commit to providing details such as names as part of these use of force case summaries. However, we certainly understand the need to appropriately prepare for the release of such information and we remain committed to doing all we can to facilitate this process. Our Office of Public Affairs also works very hard to develop a rollout and notification strategy prior to the public release of any CBP information to ensure that all stakeholders are appropriately informed.*
- *Therefore, in order to make the communication process more efficient, CBP is prepared to provide the Government of Mexico with (b) (7)(E) prior to the release of use of force case findings along with case-specific details. It is our hope that by providing these case summaries in advance, SRE will be better able to carry out the notification and outreach required.*
- *CBP trusts that the Government of Mexico will treat the information with the appropriate amount of discretion in order to keep our communication in line with the open spirit and nature of this forum.*
- *CBP's authority to enforce the law, even to the point of lethal force, appropriately bears the burden of accountability and transparency. Posting the results of CBP's review of these cases represents an important step as we strive to earn the public's trust. As such, we continue to welcome your thoughts on how CBP can continue to enhance communication with both the public and our stakeholders.*

1:50 p.m. – 2:05 p.m. Community Outreach (15 minutes)

CBP/Federal Police "Building Stronger Border Communities" outreach events

- *CBP was pleased to collaborate with Mexico's Federal Police and Secretariat of Foreign Relation to engage citizens on both sides of our shared border, through the "Building Strong Border Communities" outreach events that took place in March, August, and September of 2016 and most recently, in October 2017. These events allowed the United States and Mexico to stress that the border is home to a binational community linked by shared culture, shared opportunities, and shared challenges, but it is also a shared responsibility. We must all work together to secure the border region and ensure its prosperity.*
- *CBP welcomes the opportunity to conduct additional outreach events with the Government of Mexico as well as with local law enforcement officials in the United States. We encourage our Federal Police colleagues to propose any suggestions you may have for locations and timeframes for future events through the technical working group.*

2:05 p.m. – 2:45 p.m. Training/Sharing Best Practices (40 minutes)

Best Practices Catalog

- *During the 2016 council meeting, we discussed ways in which to encourage our personnel to*

work together and further engage the local border communities. One of the means by which we have done this has been through our Joint Best Practices Catalog.

- CBP continues to encourage our personnel to foster these collaborative relationships with their Government of Mexico counterparts, both in the field and at Headquarters. Recently, we coordinated with our U.S. Border Patrol Sectors to review and update the Best Practices Catalog. These updates were shared with SRE on Wednesday, August 8, and we look forward to receiving your suggestions for additional updates.*

Options for additional Border Violence Prevention related training

- Since February of this year, we have had the pleasure of training over 200 officials from eight Government of Mexico agencies on a number of topics ranging from Tactical Medicine and Fraudulent Documents to Defensive Tactics and Evidence Collection. This has been made possible through the Border Violence Prevention and Anti-Transnational Organized Crime Interagency Agreement, supported by the Department of State's International Narcotics and Law Enforcement Section. This Interagency Agreement allows for CBP to train relevant stakeholders in border enforcement courses that are specific to the regional needs of the area.*
- My staff has indicated that for the Federal Police, (b) (7)(E) is of special concern, as it is for CBP as well. I also understand that you will be receiving a number of vehicles from the Department of State in the near future. CBP is glad to coordinate with State to create a training program to assist you in properly training Federal Police officers to operate these vehicles safely.*
- I encourage you to continue working through the Technical Working Group to express any training needs, confident that CBP looks forward to training with our Government of Mexico counterparts in order to better secure the border and further prevent incidents of border violence.*

Visits to the Law Enforcement Safety and Compliance Directorate and local Ports/Sectors

- CBP is pleased to host relevant Government of Mexico agencies to visit the U.S. Border Patrol Academy, the Law Enforcement Safety and Compliance Directorate, and local Ports/Sectors with use of force training equipment. The Government of Mexico visits to the U.S. Border Patrol Academy and the Law Enforcement Safety and Compliance Directorate in 2015, 2016, and again in 2017 were excellent opportunities for collaboration.*
- My staff tells me that the delegations were able to see the depth of the use of force training and gain an appreciation for the limited amount of time that agents/officers have to make use of force related decisions. CBP looks forward to the next opportunity to host incoming Government of Mexico colleagues and provide SRE officials from all over the country, not just Mexico City and Washington DC, an opportunity to see CBP's use of force training first hand.*

Updates to BVPC Fact Sheet

- *As agreed upon during the July technical working group meeting, CBP stands ready to assist with the development of an updated BVPC fact sheet.*

2:45 p.m. – 3:00 p.m. Conclusions and Closing (15 minutes)

Closing remarks by Ministry of Foreign Affairs

Remarks by U.S. Customs and Border Protection

- *The BVPC represents the desire of our two countries to work closely together to protect our nations and our people. Through this forum, the U.S. Government and the Government of Mexico are able to exchange information and pave the way for future collaboration between our two countries.*
- *CBP looks forward to continually providing updates on our transparency actions, collaborating on community outreach events in Mexico and in the United States, training with our partners working along the border, hosting Government of Mexico officials at the Law Enforcement Safety and Compliance Directorate and U.S. Border Patrol Academy, and providing training to Government of Mexico officials.*
- *CBP's relationship with our partners in Mexico, and with other agencies within the U.S. Government, are extremely crucial to CBP's effort to reduce border violence. We do this most effectively when we partner with others—and that is what we affirmed today.*

~~FOR OFFICIAL USE ONLY~~

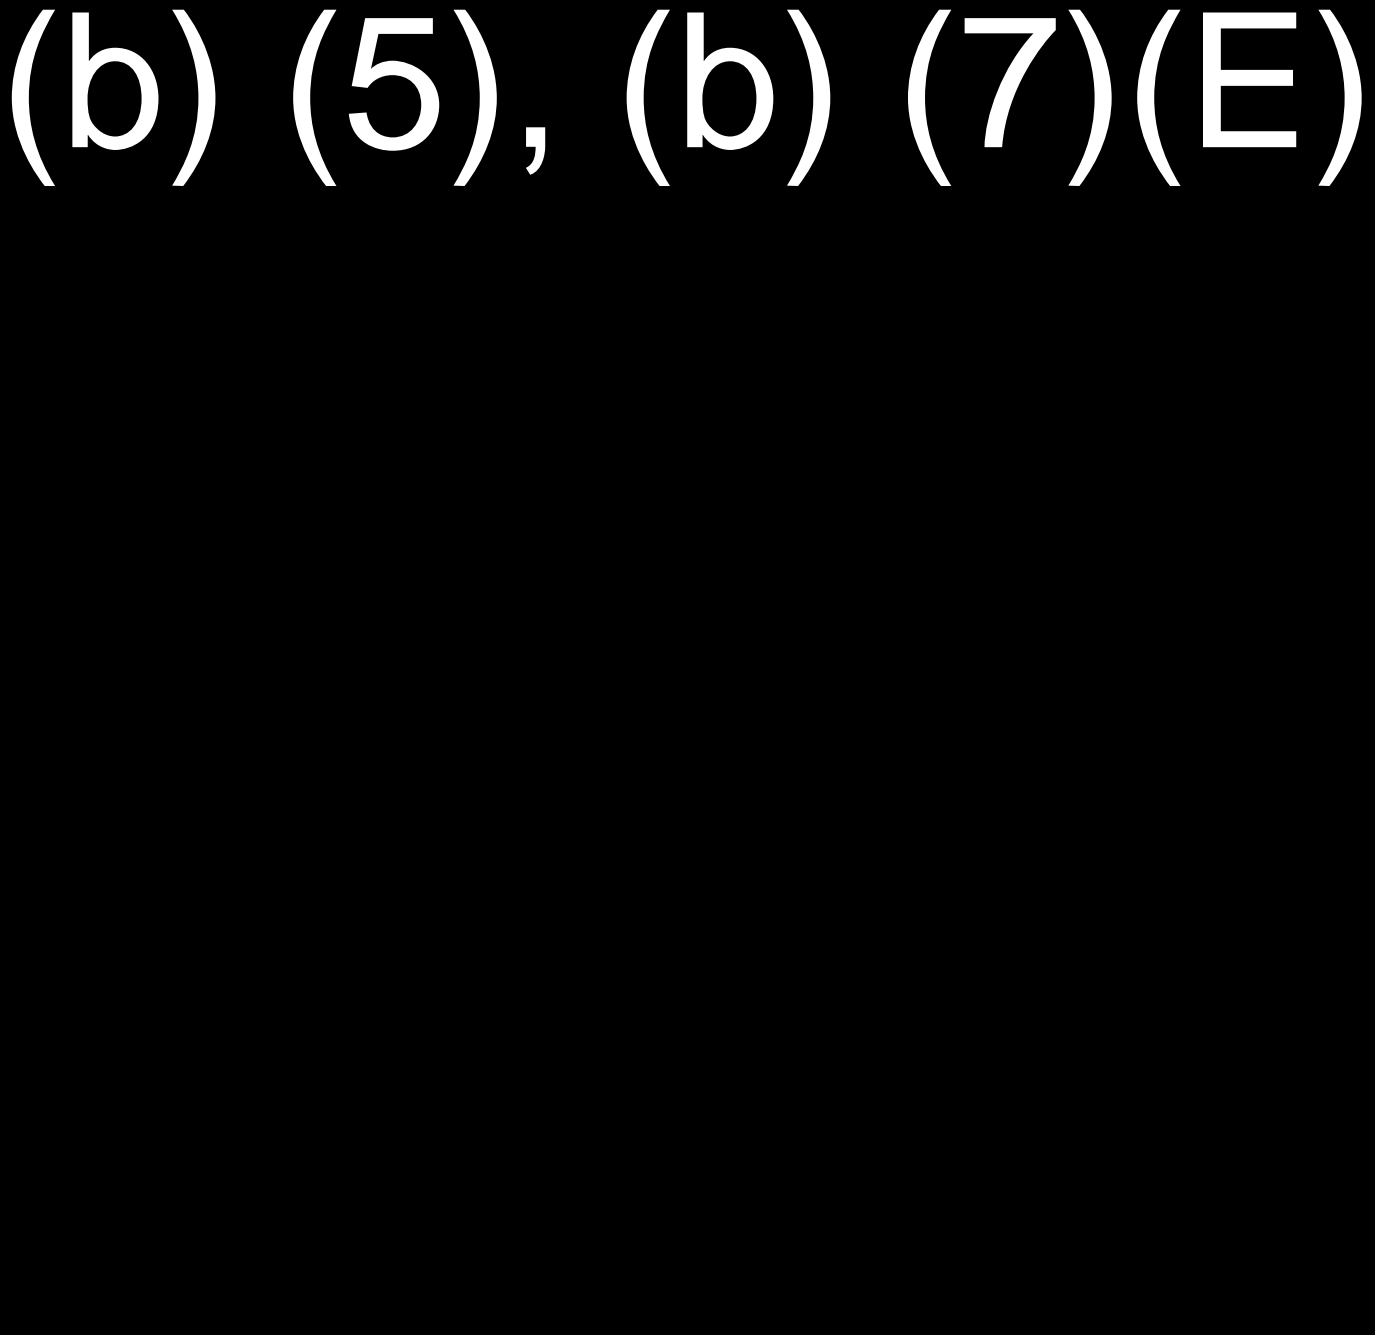

**U.S. Customs and Border Protection
Office of International Affairs
U.S.-Mexico Border Violence Prevention Council
Advance Notification Prior to the Public Release of Use of Force Case Findings
August 3, 2018**

Action Required: Decisional

Time Constraint: Immediate

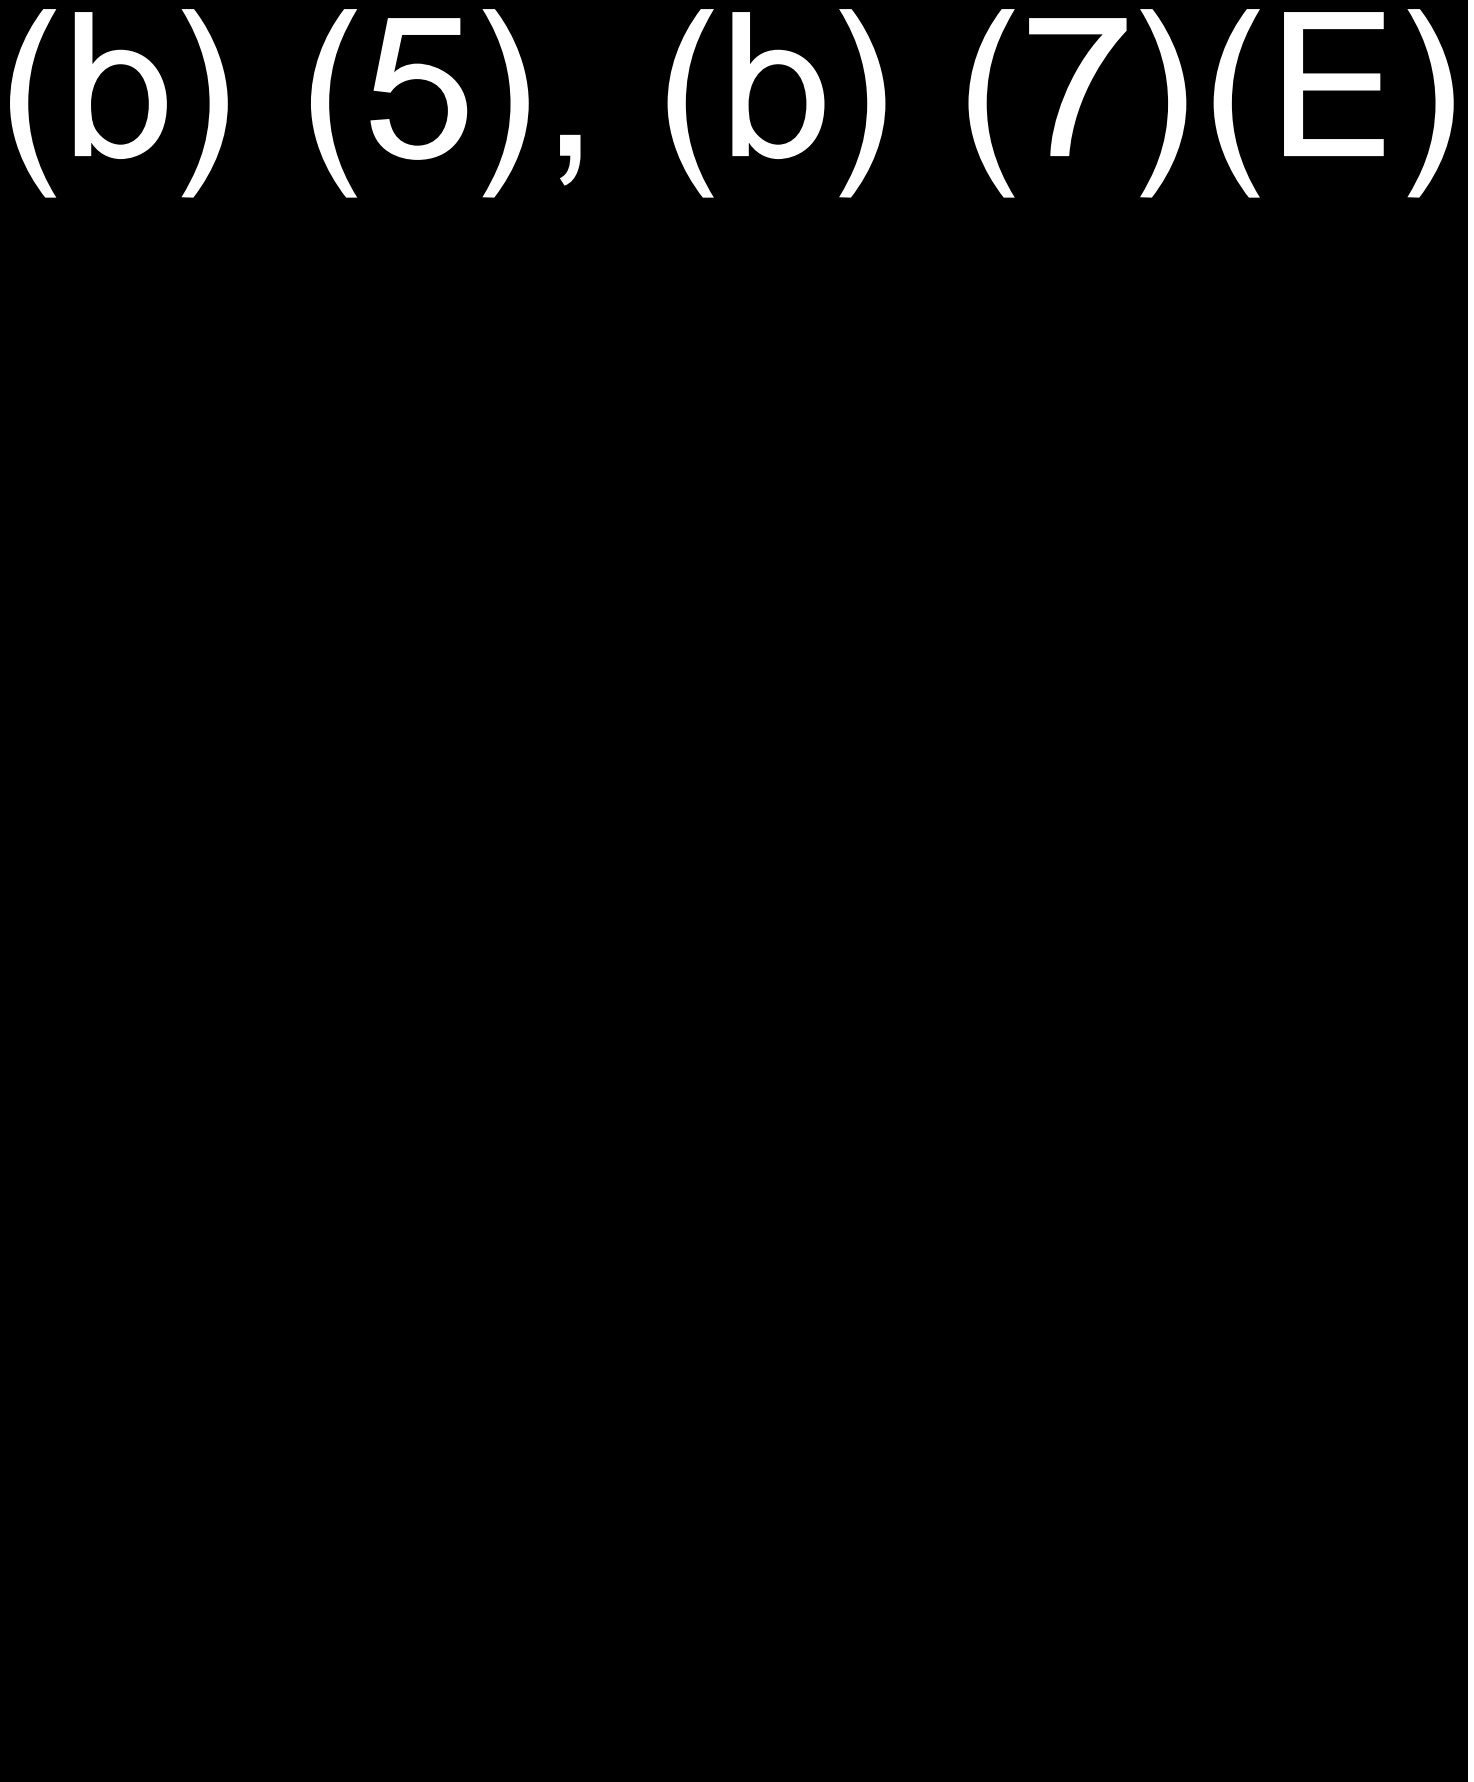

Issue: Determine how much advance notice U.S. Customs and Border Protection (CBP) will provide Mexico's Secretariat of Foreign Relations (SRE) prior to the public release of use of force case findings involving a Mexican national.

**U.S. DEPARTMENT OF HOMELAND SECURITY– MEXICO’S SECRETARIAT OF
GOVERNMENT EXECUTIVE LEADERSHIP GROUP (DHS-SEGOB ELG)**

August 16, 2018

9:00 A.M. – 1:00 P.M.

U.S. Coast Guard Headquarters – Washington, D.C.

Overview:

- You will participate in the meeting of the Department of Homeland Security-Secretariat of Governance (DHS-SEGOB) Executive Leadership Group (ELG). The ELG is a bilateral policy-level decision-making body scoped to address issues that affect DHS, many of which have a direct nexus to border management. The ELG is co-chaired by DHS Deputy Undersecretary of Strategy, Policy, and Plans (b) (6) and SEGOB Undersecretary of Prevention and Citizen Participation (b) (6).
- You will participate in several discussions during the dialogue including the following topics: Cross Border Coordination Initiative (CBCI), Border Risk Assessment, Entry/Exit at the U.S. Mexico Land Border, and a potential Joint Security Program (JSP) Pilot.
- The overall goal of the dialogue is to:
 - Discuss regional trends and best practices to coordinate and implement binational operational responses at the strategic level.
 - Deliberate expected timeframe to conduct a proof of concept operation for JSP expansion in Cancun, Mexico.
 - Urge the Government of Mexico (GOM) to formalize agreements that will allow vital programs to continue and remain consistent with current strategy through changes in administration.
 - Assure that the upcoming change of administration in the Government of Mexico will not affect the progress of the U.S.-Mexico Automated Pedestrian Data Exchange.

Discussion Points:

- (b) (7)(E), (b) (5)
-
-
-
-
-
-

- (b) (7)(E), (b) (5)
-
-
-

Background:

- The DHS-SEGOB ELG was established in 2011 through the “Declaration of Principles Between the Department of Homeland Security of the United States of America and the Ministry of Governance of the United Mexican States Concerning Bilateral Strategic Plan Initiatives” signed by then Secretaries Napolitano (DHS) and (b) (6) (SEGOB). The document was superseded on April 17, 2013 with the signing of the “Memorandum of Cooperation (MOC) Between Department of Homeland Security of the United States of America and the Secretariat of Government of the United Mexican States” by then Secretary Napolitano and current Secretary (b) (6) (SEGOB).
- The MOC establishes the ELG as a decision-making governance body that meets minimally twice yearly at locations alternating between Mexico and the United States. Further, the MOC provided for the development of an Action Plan, along with the relevant Implementing Agencies, for mutually agreed initiatives within a framework of six focus areas:
 1. Managing efficiently the flow of travelers and focusing on third country nationals
 2. Facilitating the safe repatriation of Mexican nationals
 3. Combating criminal activities associated with migration flows
 4. Strengthening of security conditions in the border region of the United States of America and the United Mexican States
 5. Preventing threats to the security of both countries
 6. Collaborating in the addressing of natural disasters and emergencies

“BUILDING STRONG BORDER COMMUNITIES” OUTREACH EVENTS

TALKING POINTS

- Highlight the success of the four “Building Strong Border Communities” outreach events that CBP took place in March, August, and September 2016 and October 2017. The events allowed CBP to collaborate with Mexico’s Federal Police and Secretariat of Foreign Relations to engage citizens on both sides of our shared border.
- Stress that the border is home to a binational community linked by shared culture, shared opportunities, and shared challenges but it is also a shared responsibility.
- Remark that CBP and Mexico’s Federal Police have an excellent record of cooperation and partnership, which has improved public safety in border communities and disrupted the ability of criminal organizations to engage in the smuggling of illegal drugs, currency, weapons, ammunition, and people.
- Express your regrets that we were not able to hold a fifth event in Yuma, Arizona in March 2018 as planned, however CBP looks forward to working not only with Federal Police, but also with Mexico’s Secretariat of Foreign Relations, to coordinate future events.

WATCH OUT FOR/IF ASKED:

None

BACKGROUND:

- On March 10, 2016, CBP participated in the first community outreach event at the McAllen, Texas/Reynosa, Tamaulipas, Mexico border. The second Building Strong Border Communities Outreach Event took place in Tucson, Arizona and Nogales, Sonora on August 4-5, 2016. The third event took place on August 31, 2016, at the San Diego/Tijuana border. The fourth event took place October 18-20, 2017 in El Paso, Texas. The events included performances for the local community by the Federal Police Orchestra and a mariachi band.
- The events focused on the U.S.-Mexico partnership and how the strong collaborative relationship between both countries has evolved over the years. All events proved to be very successful in making the public aware of the close working partnership between Mexico’s Federal Police and CBP’s operational components that work along the border such as the Office of Field Operations, Air and Marine Operations, and the U.S. Border Patrol.
- The events were deliverables of the U.S.-Mexico Border Violence Prevention Council to promote awareness about U.S.-Mexico collaboration on border community security and prosperity.
- A fifth event was scheduled to take place in March 2018 in Yuma, Arizona. However due to a number complications in coordinating the event, to include the identification of a venue, funding, and scheduling conflicts, the event was cancelled.
- At the July 2018 meeting of the Border Violence Technical Working Group, U.S. Border Patrol proposed scaling down the outreach events to the sector-level to facilitate coordination. Federal Police concurred, adding that with a more localized scope, several small-scale events can easily be coordinated throughout the year.

Updated: August 6, 2018

MISSING MIGRANT PROGRAM

TALKING POINTS:

- As part of U.S. Customs and Border Protection's (CBP) approach to humanitarian needs, the Missing Migrant Program (MMP) was established by U.S. Border Patrol (USBP) in June of 2015 as a pilot program in the Tucson, AZ area of operation. The program was subsequently rolled out to South Texas in June 2016.
- In June of 2017, USBP Headquarters leadership agreed to make this pilot, an official program under the Foreign Operations Division (FOD).
- FOD has been working with Tucson and several South Texas Sectors to identify best practices and the development of an Internal Operating Procedure (IOP) for the program.
- The MMP is now operational in additional Southwest Border sectors, to include both El Paso and Yuma.

WATCH OUT FOR/IF ASKED:

None

BACKGROUND:

- MMP institutionalizes procedures for third party missing migrant reports, providing a focal point of collaboration and integration to prevent deaths and increase rescues of missing migrants.
 - Third parties reporting missing migrants have used NGOs and media to pressure USBP into conducting search-and-rescue operations with insufficient information, potentially leading to unnecessary expenditures of limited operational resources and diverting from primary enforcement objectives.
- MMP is composed of experienced Border Patrol agents who are subject-matter-experts in search and rescue operations, foreign and border community liaison, and CBP database.
- The collective experience of MMP agents help decipher the information submitted in written reports and promptly distribute the information to the operational component in order to prevent any more deaths and mitigate operational impact.
- The combined experience and knowledge of these agents has proven successful in establishing realistic expectations from foreign consulates' and NGOs' on humanitarian efforts.
- The MMP will continue to prevent human tragedies associated with human smuggling and will increase alien smuggling organization prosecution for human endangerment/death.
- During the pilot phase the Mexican Consulates together with the MMP were instrumental in establishing best reporting mechanisms via Mexico's 24/7 National Call Center known as CIAM (Center for Information and Assistance to Mexicans)
- On April 10, 2018, the second Missing Migrant Program Summit was held in the Rio Grande Valley. Participants in the Summit included representatives from a number of federal, state and local organizations, including partners from the government of Mexico.

NEXT STEPS:

- USBP FOD is working with Mexican counterparts to formalize an agreement to sustain the success of the MMP.

- For example, the drafting and support of a Letter of Intent for relevant information sharing to help identify missing migrants.
- FOD will continue to work with the Office of the Chief Counsel in finalizing the MMP IOP.
- FOD is coordinating with (b) (7)(E) on adopting a standardized program.
- FOD has established and will continue to work with DOJ and the NAMUS team to develop and enhance an effective portal.
- FOD has identified the need for a centralized database and is in the development of standardizing the management and reporting of MMP information. This entails an enterprise solution for managing MMP information, as well as incorporating a standardized portal for stakeholders, which would include foreign query availability; therefore, creating the first International MMP database.
- FOD will continue to work with other foreign entities throughout Central/South America to exchange best practices and assist from the humanitarian aspect.

Prepared by: (b) (6), (b) (7)(C) U.S. Border Patrol

Date: July 20 2018

(b) (7)(E) PROGRAM

TALKING POINTS:

- (b) (5), (b)(7)(E)
-
-
-
-
-
-
-

WATCH OUT FOR/IF ASKED:

(b) (7)(E), (b) (5)

BACKGROUND:

- (b) (7)(E), (b) (5), (b) (6)
-

(b) (7)(E)

- Since its implementation, San Diego Sector (b) (7)(E) has coordinated several Bi-national Operations with GoM to mitigate the aforementioned threats, and dismantled several criminal organizations.

**Advance Notification Prior to the Public Release of Use of Force Case Findings
August 9, 2018**

Overview: Established in 2014, the Border Violence Prevention Council (BVPC) is a high-level forum in which the United States and Mexico collaborate on initiatives aimed at preventing incidents of border violence through collaborative efforts, joint public engagement campaigns, increased transparency, and information exchange and the sharing of best practices. This specifically includes the topic of use of force.

In 2016, through this forum, Mexico's Ministry of Foreign Affairs (SRE) requested (b) (7)(E) [REDACTED] when use of force case information, involving a Mexican national, is released. Following a number of dialogues, both at the council level and the technical working group level, U.S. Customs and Border Protection (CBP) proposed a notification process for use of force cases involving Mexican nationals, which was agreed upon during the August 2017 BVPC.

Since then, SRE has requested that CBP reevaluate its position on the provision of (b) (7)(E) [REDACTED]. In consultation with the relevant components, to include the Office of Public Affairs, the Office of International Affairs has identified the following two potential courses of action that could be taken in response to Mexico's request:

(b) (5), (b) (7)(E)

(b) (5), (b) (7)(E)

COA 1/Date _____ COA 2/Date _____

Modify/Date _____ Needs Discussion/Date _____

Border Violence Prevention Technical Working Group (BVTWG)
Statement of Conclusions

1. CBP to provide SRE with a briefing on the (b) (7)(E) program.
2. CBP and SRE to explore signature of a Letter of Intent to share information regarding (b) (7)(E)
3. CBP to reevaluate ability to provide (b) (7)(E) of release of Use of Force cases, in addition to the names of the subjects involved.
4. Missing Migrant Program to be included in the updates to the Best Practices Catalog.
5. Federal Police (PF) would like to hold one additional outreach event prior to the year's end. PF also concurs with the proposal to make the outreach events local in order to facilitate coordination. The tentative timeframe for the next event will be October 2018.
6. CBP and SRE to work together to update the Best Practices Catalog, including campaign, (b) (7)(E), MMP, etc.
7. PF requests training on (b) (7)(E) and vehicles. CBP proposes and to assist in coordinating ATV-focused visit to the Academy.
8. SRE to recommend visit to Harper's Ferry for incoming administration in early 2019.
9. SRE proposes new/updated fact sheet ahead of August 2018 Council meeting.
10. SRE requests visit to ICE training facility.

FAMILY UNIT ALIENS (FMUA) STRATEGY DISCUSSION

August 28, 2018

Objective:

- This is a meeting to discuss various strategies to deter and reduce Family Unit Aliens (FMUA) migration to the United States.
 - Request that participants provide ideas for potential solutions.
 - Discuss ways in which DHS can assist components in deterring FMUA migration.

Key Messages

Interagency engagement is critical to the success of strategies to deter and reduce FMUA migration to the United States.

Initiatives require discussion among participants with regards to implementation challenges, operational gaps, and any required immediate decision-making.

Elimination of drugs and violence from supply chains supports consistent regional employment opportunities by U.S. companies. Economic prosperity drives further investment in communities that motivate people to stay and thrive in their home countries.

Key Issues:

DHS Priorities for Meeting

- Communicate DHS's current engagements, plans, and potential ideas including Department efforts to:
 - Develop public messaging campaigns that deter FMUA migration.
 - Increase joint security efforts between CBP and partners in the Northern Triangle (NT).
 - Coordinate with NT countries on improved trade facilitation and economic development.
 - Strengthen engagement with Government of Mexico (GOM) to stem the flow of migration.

Issues Likely to be Raised

Public Deterrence Messaging Campaign

- For the past decade, CBP, U.S. Agency for International Development (USAID), and various U.S. Embassies in the NT region have been conducting public awareness campaigns to inform and deter migrants from taking the dangerous journey north. A new CBP sponsored campaign launched in El Salvador and Honduras in July and in Guatemala in August. Print campaign materials will launch in Guatemala only, early September.
- The "Our country, our future" campaign targets the populations of NT countries with the objective to create awareness among families about the realities that migrants face when they travel to the U.S without documents.
 - Focuses on the emotional connection of loss, guilt, and regret and encourages individuals to build their lives and fight for domestic reforms in their home country.
 - Highlights the difficult journey migrants face while traveling to U.S. to include robbery and violence, sexual assault, being drawn into sex trafficking and forced labor, serious injury, and death.

- The Smithsonian reported nearly 6,000 migrant deaths between 2000 and 2018 attempting to migrate through the U.S.-Mexico border.
- Discusses the likelihood of smugglers making false promises to migrants and extorting them for large amounts of money.

FAMILY UNIT ALIENS (FMUA) STRATEGY DISCUSSION

Family Unit Migration Statistics

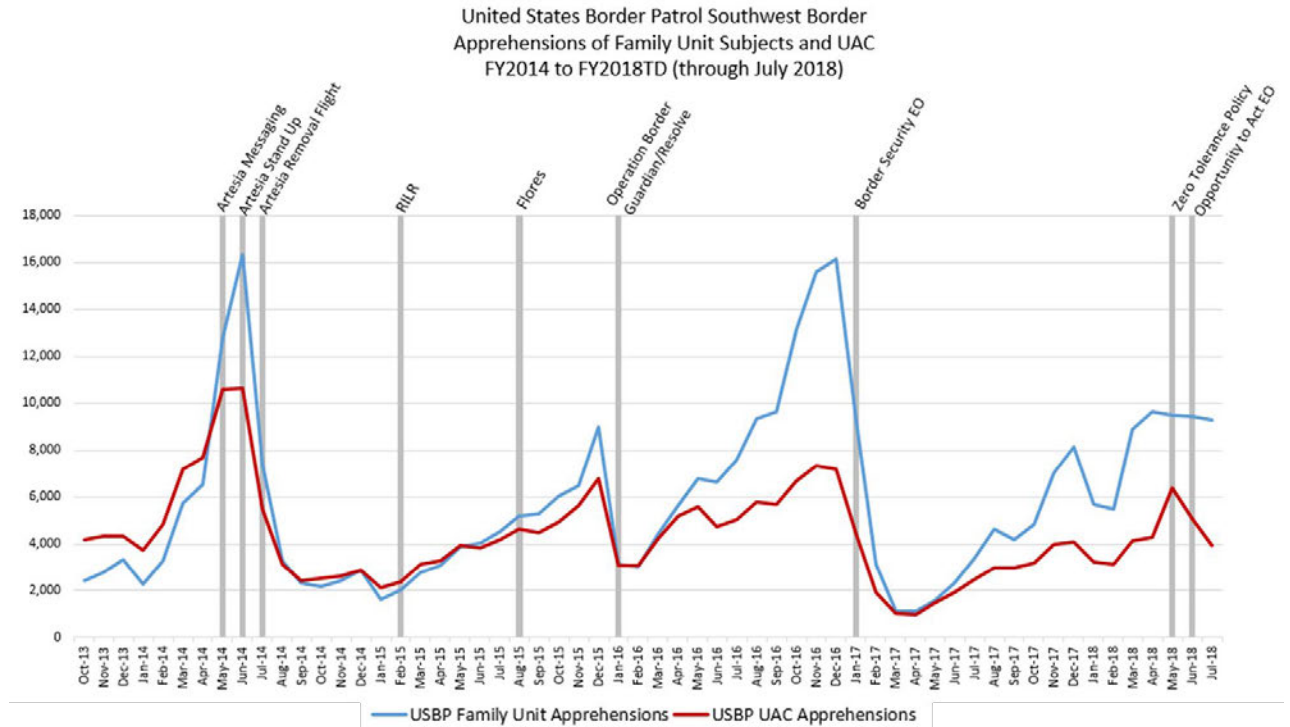

Background:

Family Unit Aliens (FMUA)

- A family unit is defined as an alien parent or legal guardian and accompanying minors. Individuals within a family unit can be designated as a family member unit alien (FMUA).
- It is anticipated that FY 2018 will be the highest fiscal year on record for FMUA total encounters.

- Based on data available through August 23, 2018, FMUA apprehensions for the month of August this fiscal year, are projected to increase to upwards of 30% compared to July 2018 - exceeding 12,000.

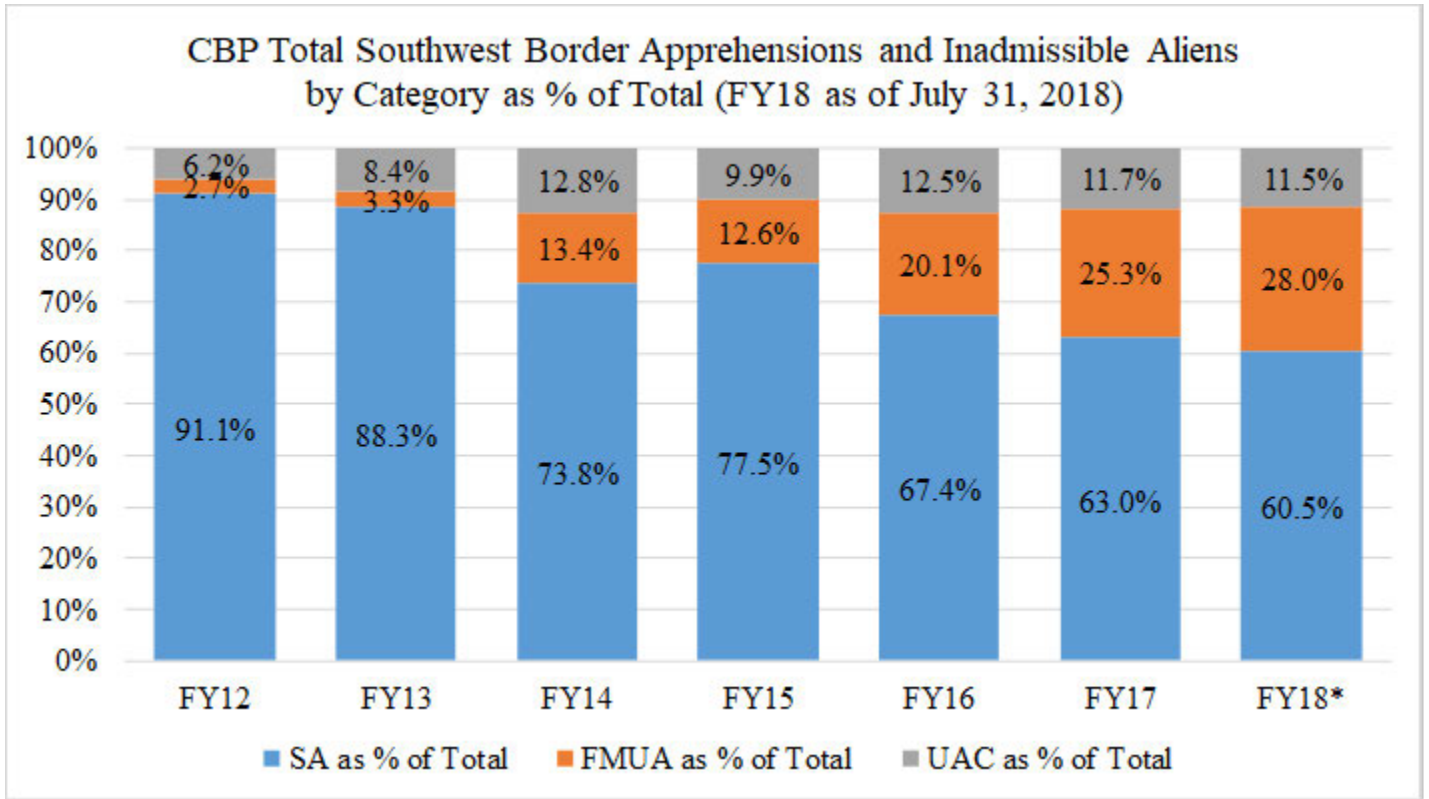

*Migration flowchart and timeline that highlights major policy and operational changes

Changing Demographics

- Until FY 2014, USBP apprehensions consisted primarily of individuals from Mexico. In FY 2014, individuals from Northern Triangle (NT) countries outnumbered individuals from Mexico for the first time. This happened again in FY 2016 and FY 2017; in FY 2017, NT apprehensions were 27 percent higher than those for Mexican nationals.
 - Over the past six years, there has also been a dramatic shift in the composition of individuals encountered along the Southwest Border. Specifically, the number of single adults has decreased and populations of UAC and family unit aliens have increased.

- In FY 2017, one out of every four aliens apprehended was an individual in a family unit, and more than one in ten was an unaccompanied alien child; both of these categories require far more specialized processing than single adults.

Subject: RE: Broader briefing on the wall

Hi (b) (6), (b) (7)(C) I hope you're having a great weekend.

I spoke with Chief Provost again and we'd ask that we please find a time when she and (b) (6), (b) (7)(C) are both available to brief (b) (6), (b) (7)(C) and the others. It'll help ensure we're able to answer even the most detailed questions that may come up.

(b) (6), (b) (7)(C) you mentioned previously that 9/5 – 1300-1530 is open on the Chief's Schedule. Is that still a time we could propose? Adding (b) (6), (b) (7)(C) to this thread too).

Thanks much!

Meghann

Looks like I spoke too soon (apologies!) – (b) (6), (b) (7)(C) is out all that week and ideally we'd like to have her join. I've asked for a few dates/times next week that would work for the Chief so we can offer. May I circle back shortly? Or, if you all have some other availability next week, glad to work it that direction!

Hi (b) (6) I hope your Wednesday is off to a great start. We've confirmed with Chief Provost and (b) (6), (b) (7)(C) for September 6; glad to support.

We see (b) (6) brief description below, and if you have any additional information we'd be grateful – genesis of this particular ask, etc. Want to ensure we're prepared to provide what she needs.

Will keep an eye out for the calendar invitation & WAVES!

Thanks so much!

Good afternoon:

This is a follow-up from the DHS/DOD environmental briefing from yesterday with HSA Fears.

Can we lock in next Thursday, September 6 from 2-3pm for Chief Provost and (b) (6), (b) (7)(C) to come over to give a wall brief?

Primary attendees are:

(b) (6) Deputy Assistant to the President, DCOS-P office

(b) (6) Special Assistant to the President, DPC

(b) (6) Senior Director, NSC

(b) (6)

Director of Border Security

National Security Council

The White House
